

ultimate vanity centerpiece

sensor mirror trio

1x / 5x / 10x magnification

three views in one mirror

View your entire face with enhanced clarity and detail. Great for overall makeup

Ideal for checking your look at true size.

Extremely close-up view for detail work like tweezing and applying eye makeup.

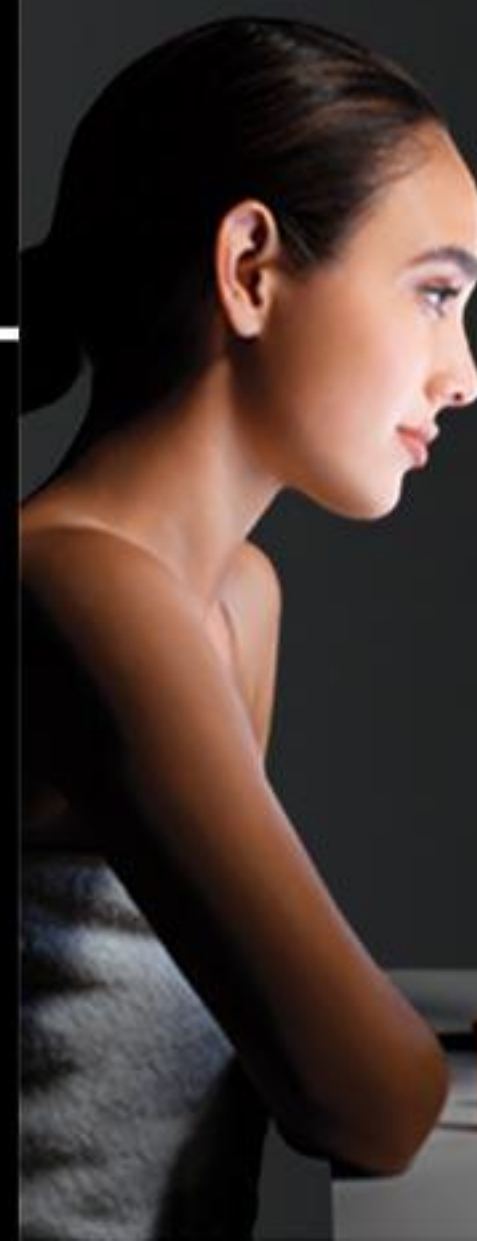

see yourself in the best light

With a color rendering index [CRI] of 95, the tru-lux light system closely simulates natural sunlight's full color spectrum to show every detail.

typical light

tru-lux

sensor on / off

Detects when you are in front of the mirror so it lights up automatically as your face approaches.

a quick switch

Flip the mirror for a fast and effortless transition between views.

touch-control brightness

Fast, intuitive control over a continuous range of brightness from 100 lux to 800 lux.

day to night

Use the light setting selector to check your look under full sunlight or true-to-life candlelight.

cordless & rechargeable

Recharges with standard USB. One charge lasts up to 5 weeks.
