PREMIUM ITALIAN DENIM

THE CANDIANI DIFFERENCE

Candiani Denim was established in 1938 in a small town near Milan, Italy, and has been a family-run company ever since. Over the past 80 years, Candiani has grown to become the world's finest and most sustainable denim mill, creating premium fabrics using innovative, eco-friendly techniques. Candiani Denim uses no-water washes, no chemicals and instead of bleach, uses ozone.
